

CERTIFICATE of Professional Learning

Webinar One Hour of Online Training

This Certificate Is Presented To

Juanita Phillips-Bell

**Learning to Embrace and Explore COVID Restrictions
with Let's Talks Science.**

The COVID-19 pandemic and all the restrictions that come along with it, can be a scary thing for children to understand. Learn how we can make it less scary for them by embracing and exploring 'why' wearing masks and social distancing is connected to what 'scientists have learned'.
